Recent Experience

Context Optional / Efficient Frontier

Flash Developer

Developed visualizations, games, applications, and in stream apps to function on the Facebook platform for clients including Toyota, LG, McDonalds, Dell, Corona, Harrah's Casino, 3M, and Expedia Friend Trips.

San Francisco, CA

2009 - 2011

Mixercast

Senior Flash Engineer

Optimized and expanded a configurable ActionScript 2 Facebook advertising widgets platform, managed a team of developers, worked with teams in India and Minsk, and lead the effort migrating to ActionScript 3.

San Mateo, CA

2008 - 2009

Eveo

Senior ActionScript Programmer / Team Lead

Created dozens of Flash based presentations for pharmaceutical reps to show doctors various drugs and treatments. I managed a team of 3 developers and many contractors.

San Francisco, CA

2006 - 2008

Orange Design

ActionScript Developer

Worked with a Flash 5 based game engine designed specifically for the Leapfrog Leapster. I worked on games for 3 titles: Animal Genius, Clifford Reading, & Pet Pals.

San Francisco, CA

2005 - 2006

Antenna Audio

Programmer

As the primary Flash Developer I made multimedia museum tours to run on Pocket PC's. Two notable projects were for the Van Gogh Museum in Amsterdam and a Star Wars exhibit for the Boston Museum of Science. I developed a tools to quickly subtitle video, and a XML based reusable media player interface.

Sausalito, CA

2004 - 2005

Miscellaneous

- Associative of Arts Degree in Multimedia
- Winner Best Productivity App 2005 Macromedia Pocket PC Flash Contest
- Experience working with Flash since version 3 in 1999
- Taught Flash and ActionScript classes for over 10 years.
- On the team that created Expedia Fun Trips which got Expedia 1 million fans in 6 weeks
